### Target Tips and Hunting Helps by Alfred P. Lane

HINTS ON SELECTING THE BIG GAME RIFLE.

The big game hunting season is upon us, and sportmen are making a good part of their money to the period of meetings and highly interesting shooting, hunting and other games under the management of such power.

It is a mighty interesting pastime, but at the same time decidedly passing. Let me suggest a few simple rules for the selection of your rifle, which if followed, will help you to pick out one that will be satisfactory.

The man who is thinking over the purchase of a rifle must know, however, he is in a position to make a wise choice, just what kind of game he is going after and the conditions under which the game must be hunted.

It is rather obvious that you couldn't use a .22 repeater on a deer or a 30-30 to shoot squirrels.

### FAMILY AVOIDS SERIOUS SICKNESS

By Being Constantly Supplied With Thedford's Black-Draught.

McDuff, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, of this place, "with sick headache, and stomach trouble."

Ten years ago a friend told me to try Thedford's Black-Draught, which I did, and I found it to be the best family medicine for young and old.

I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever tried.

We never have a long spell of sickness in our family, since we commenced using Black-Draught.

Thedford's Black-Draught is purely vegetable, and has been found to regulate weak stomachs, aid digestion, relieve indigestion, colic, wind, nausea, headache, sick stomach, and similar symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Black-Draught. Price only 25c. Get a package to-day.

### CAMPAIGN ISSUES OF REPUBLICANS DULL, PRESIDENT THINKS

In an Address to Young Democrats He Declares There is Nothing in the Arguments of Oppos-

sition That Interests Him.

By Evening Herald Leased Wire

Albany, Sept. 29.—Franklin D. Roosevelt, Wilson, speaking just before a political speech here today before a New York delegation of young Democrats, announced to know what the Republican party would do if it controlled the government. He declared he had found nothing to interest him in the conduct of the Republicans.

The president said he had hoped for a campaign based on real issues, but that he had been disappointed. The Democratic party, he declared, is the only party in the nation based on the fate of the people.

President Wilson asserted that the Republican party was run on the theory that a few men shall govern the nation. He indicated he thought the real issue in the present campaign was whether the people shall rule.

The Republican party is at present constituted and led," he said, "themselves in government by attorneys for special interests. That party's last tariff was framed by attorneys for the special interests. That party's last tariff was framed by attorneys for the special interests."
